Hi Barbara, that is correct. This was PRP-lead, and only START oversight.

Ben

Hi Barbara and Mary,

I'm being asked to certify costs on an OPA site (Slauson Tanker Fire, FPN E19902). We had START doing oversight for both the ER and the Removal – a TDD on START 4 and a TO on START 5. Both should be closed out. Can you give me concurrence that there are no outstanding issues on these TDDs/TOs?

Thank you,

Good morning Ben,

I have been trying to get the costs for this case for some time and now CFC is telling me they are waiting on you to provide them with a POLREP and to certify the costs.

Can you help them out so they can get the costs to me?

Appreciate the help.

Kind regards...and stay safe,

Rich
